- Select the decorative stitch 7-06 under Satin Stitches.
- Adjust the width to 7mm.
- Adjust the length to 3mm.
- Fold the Burlap Paper 6” square in half and crease.
- Using the Frixion Pen, draw a straight line across the width of the Burlap paper ½” away from one of the bottom edges.
- Draw another line ½” downward from the folded line.

- Thread the machine with the Madeira Matt thread. In the sample, Orange thread was used.
 - Place the edge of the foot even with the drawn line and sew. Go at a slow even pace.
 - Print out a name for each of the place cards.
 - Glue the name to the center of the place cards.
 - Repeat for the other place cards.
 - Lightly press the place card to remove the drawn lines.
2. To create the table runner follow the next set of steps:
- Sew the same decorative stitch around the outer edge of the table runner by placing the outer edge of the foot even with the outer edge of the runner. Draw a line using the Frixion Pen.
 - Set the machine up for embroidery.
 - Thread the machine.
 - Hoop the Baby Lock Stick-Tear, Tear-Away stabilizer with the shiny side up.
 - Score the edge of the stabilizer and tear the top layer away to expose the sticky side.
 - Determine the placement of the letter on the ends and place a cross mark.
 - Place the cross-mark on the table runner centered in the hoop.
 - Finger press to secure.
 - Select the floral font from the font folder and place the letter of your choice on the workspace.
 - Move the needle so it is lined up over the cross-mark on the runner.
 - Embroider the design using Madeira thread.

3. To create the napkin rings follow the next set of directions:
- Go to the Frames field and select the Diamond frame with the single run stitch.
 - Then select the same frame with the satin stitch.
 - Resize the frames to approximately 2 ½” across and 3” tall.
 - Select a small letter for the monogram.
 - Hoop the Stick-Tear, Tear-Away Stabilizer and remove the paper from the stabilizer.
 - Using the interfacing stabilizer, cut a section that measures 3 ½” x 3 ½”.
 - Place the stabilizer in the hoop and finger press to secure.
 - Embroider the first color in the design.
 - Fuse the Baby Lock Cut-Away Fusible Applique Stabilizer to the back side of the green print fabric.
 - Peel away the backing.
 - Place a small section of the green print fabric over the stitched outline in the hoop.
 - Continue with the embroidery.
 - Repeat for the remaining napkin rings.
 - Cut out the sections close to the stabilizer.
 - Attach the monogramed sections to the 2” wide burlap and tie to the napkin.
